*Show South Africa that Recovery from Addiction to Alcohol and other Drugs is a Reality*

**“Faces and Voices of Recovery” (FAVOR) is a National Advocacy Campaign based in Cape Town. Our members are recovering people, their families, friends and allies.**

**If you are in recovery from addiction, join us to take one more step:**

**Tell South Africa about recovery! Celebrate your achievement and break down the ignorance, shame and prejudice that keep others from getting the help they need.**

**Speak out about recovery!**

**“Faces And Voices Of Recovery South Africa” keeps it real:**

*We have **real** miracles of recovery to show, **real** success stories to talk about, and our organisation is made up of people with actual experience in recovery from addiction.*

### **Our purpose is to:**

- encourage others to believe in, and get treatment;
- end discrimination against people seeking or in recovery;
- gain support from Public Health Authorities for more and better treatment facilities.

*The hope of recovery will touch the lives of moms and dads, sons and daughters, brothers and sisters, husbands and wives, friends, neighbours and workmates.*

*FAVOR brings together recovering people and their friends, to speak out and make a difference.*

**“By our silence, we let others define us.”**

Susan Rook, recovering alcoholic and addict;  
FAVOR advocate.

**“Drug addicts, like Aids sufferers, are desperately ill and marginalized people”**

Nelson Mandela Statesman and former President of South Africa

*Two out of every three South Africans have friends or family members who have struggled with addiction. Yet, many don't understand how recovery works, or that it succeeds with **patience, time and support.***

### **Organisational Objectives:**

FAVOR is working to mobilize, organize and rally the families, friends, and allies of the thousands of all South Africans in recovery in a campaign to highlight this fact:

*That Alcohol and Drug problems, particularly among our youth, are reaching pandemic proportions and becoming South Africa's number one public health crisis.*

The cost in broken lives is terrible.  
The cost in terms of escalating crime is huge.

**“SOUTH AFRICANS ARE RECOVERING FROM ADDICTION AND EVERYONE IS BENEFITTING”**

*"Faces and Voices of Recovery South Africa" advocate and support many practical campaigns:*

- The establishment of Drug Courts in South Africa.
- The inclusion in the National Drivers Licence Test, an Education Course "The Danger and Legal Consequences of DUI of alcohol and drugs."
- The adoption of work place Education Programs. Make Management more aware of Cost Saving Treatment.
- Warn people about increase risk drug abuse, casual sex and AIDS.
- Help remove the stigma and prejudice against recovering addicts.
